CUBICLE SLIDING DOORS

Close the gap. Create your space.

A Simple Privacy Upgrade for Existing Cubicles.

Add privacy and separation to existing cubicles without replacing or modifying your workstation.

OBEX Cubicle Sliding Doors attach directly to your existing cubicle system, creating an easy-to-use entrance that helps transform an open workstation into a more private, focused workspace.

Made to Fit

Designed to retrofit onto most existing cubicle systems.

Made to Install

Installs in approximately 5 minutes without drilling or damaging your existing cubicle.

Made for Privacy

A smooth sliding design closes off the cubicle entrance when privacy is needed and opens easily when it's not.

More privacy. No remodel required.

Privacy • Focus • Separation • Flexibility

HOW IT WORKS

CUBICLE SLIDING DOORS

OPEN WORKSPACE

Maintain easy access and an open, collaborative environment.

SLIDE TO CLOSE

Smooth sliding operation makes privacy quick and easy.

PRIVATE WORKSPACE

Close off the cubicle entrance for greater privacy and fewer distractions.

DESIGNED FOR AN EASY CUBICLE RETROFIT

Universal Fit

Works with most cubicle systems.

Our patented saddle brackets clamp securely onto existing cubicle panels, allowing for quick installation without drilling, damage, or permanent modifications.

Available in two adjustable bracket sizes to accommodate cubicle panels ranging from 1.5" to 3.75" thick.

Standard Bracket: 1.5"-2.5"

Large Bracket: 2.5"-3.75"

Low Profile Design

A clean, modern look.

Our doors feature a slim 1" wide anodized aluminum frame, providing a clean, modern appearance.

The low-profile design minimizes protrusion into surrounding walkways, helping maintain clear pathways and maximize usable office space.

Quick Installation

Installs in approximately 5 minutes.

Installation is fast and hassle-free, requiring nothing more than a Phillips-head screwdriver.

Our simple bracket system attaches directly to existing cubicle panels without drilling, damage, or permanent modifications.
